

### Edmodo Groups for Affinity Networks

During the 2011-2012 school year, the Affinity Network schools will be using Edmodo.com as our online collaborative platform. We ask that staffs at all of the schools register for an Edmodo teacher account (if your school is not already utilizing Edmodo) and use the Access Codes below to join the appropriate Groups. Staffs are encourage to use Edmodo frequently when communicating within schools and networks so that a) members of the networks may be alerted when there is activity (alerts may be set up on the “Settings” page in Edmodo) and b) so that we may report collaborative activity to our Race to the Top evaluators. All staff at Affinity Network schools will be in multiple Groups.
